

TESTIMONIALS

We use LUBE-A-BOOM® because it works in all weather conditions, from cold rain to extreme heat, stopping the chatter caused by telescoping the boom in and out. The aerosol spray can allows employees to apply the product easily, making lubrication maintenance hassle-free.

--John Santana, Owner
Santana Crane, Inc.
Salem, OR
Owns: Terex and National Boom Trucks

Santana Crane, Inc.

We tested LUBE-A-BOOM® on our Grove GMK 5180 and LTM1400 Liebherr and found it to outperform all previous greases. We now use LUBE-A-BOOM® company wide and

have not seen any problems with boom wear or pad wear, and we have not had to re-grease as frequently as before.

Crane Rental & Rigging

--Dennis Brockhaus, Service Manager
Crane Rental & Rigging,
Sioux City, IA & Sioux Falls, SD
Owns: Grove GMK 5180 and LTM1400 Liebherr

WHECO, an Industry leader in crane repair and restoration uses LUBE-A-BOOM® because it is easy to apply, maintains its consistency regardless of temperature (doesn't get firm in the cold or gooey in the heat) and just works better than traditional boom lubricant products.

--Mark Williams
Project Manager
WHECO Corporation
Richland, WA

The Original LUBE-A-BOOM®

Applications: Booms, Steering, U-Joints, King Pins, Masts, Rotators, Sidehifts, Rails, Bearings, Pins and Bushings

- A specially formulated synthetic lubricant containing Teflon®
- Outperforms conventional petroleum-based greases
- Excellent performance in cold and hot weather
- Superior rust and corrosion protection
- Provides water and salt water resistance
- Extends wear pad life

*Trademark of DuPont

Available in: 14 oz cartridges, P/N 010102 (shown)
7# pails, P/N 010109
35# pails, P/N 010103
120# kegs, P/N 010104
400# drums, P/N 010101

LUBE-A-BOOM® Dry Film Aerosol

Applications: Open Gears, Extendable Hoe Arms, Extendable Axles, Outriggers, Counterweights

- Forms a thin, quick drying film that provides long-wearing lubrication and protection
- For high temperature applications where parts are exposed to continuous friction
- Formulation contains extreme pressure additives for heavy duty applications
- Repels dust and contaminants
- Excellent adherence properties

Available in 12 oz aerosol, P/N 010106

LUBE-A-GEAR™ Open Gear Aerosol

Applications: Cranes, Draglines, Hydraulic Excavators, Aerial Lifts, Other Types of Heavy Industrial Equipment with Rotating Bearings, Semi-Enclosed and Open Gears

- Easy to apply
- Excellent adhesion to metal surfaces
- Film provides lubrication and cushioning of gear teeth
- Resistant to water washout corrosion
- Extends gear teeth life
- Applicator tube supplied, allows pinpoint application when required
- Extreme pressure and anti-wear properties

Available in 12 oz aerosol, P/N 010108

LUBE-A-BOOM® Aerosol

Applications: Booms, Forklift Masts, Sidehifts, Hard-To-Reach Areas (Upper Wear Pads), Sliding Surfaces, Provides lubrication for a multitude of other applications

Made from the Original LUBE-A-BOOM® Product

- Contains Teflon®
- Provides a lasting film, slick surface
- Provides excellent rust and corrosion protection
- Non-toxic, contains no heavy metals
- Environmentally friendly
- Easy to apply
- Outperforms conventional petroleum-based grease aerosols

*Trademark of DuPont

Available in 15 oz aerosol, P/N 010105

LUBE-A-ROPE™ Aerosol

Applications: Wire Ropes, Cables, Chains, Gears

- Provides a thin film that contains extreme pressure additives for maximum lubrication and protection
- Clings on and keeps working long after initial application
- Penetrates through dust, dirt and water, giving maximum wear resistance and rust protection
- Provides water and salt water resistance
- Excellent adherence properties
- Non-toxic and environmentally friendly

Available in 16 oz aerosol, P/N 010107

LUBE-A-PAK®

Contains all five LUBE-A-BOOM® Products in one easy pak!
